# ASTRO BOT

PlayStation

ABL Innovation Co., Ltd. introduces **emo-T Astro Bot**. A highly detailed, poseable electronic Astro Bot figure with game-like animated facial expressions. Fully capturing the playful personality of Astro Bot with plenty of deep PS5 game references and distinctive sound effects.

Designed with the innovative use of NFC Technology, Touch and Motion Sensors. **emo-T Techno:Logi** creates an Emotive and Emotional experience through Interactive Play, OLED Screen Animation and Sound Synchronization.

Enjoy the Astro Bot experience IRL, outside and beyond the video game of the year!

ACTUAL SIZE 11.8cm

\*\*

**Additional NFC Cards to be Released Periodically in the Near Future**

\*\*Proprietary NFC cards will activate a different game related animation sequence when tapped near Astro Bot's head antenna.
